

Our children leave Snitterfield curious, inspired, with a sense of their own self-worth and contribute positively to society.

Dear Parents and Carers,

February 2026

I do hope you all enjoyed the half term – whatever you were doing and wherever you were.

February is a strange month, it feels much shorter than just the 2 “missing” days and I suppose from school’s perspective we lose a week for half term too. So, this newsletter is perhaps a little shorter as there’s only three weeks of learning to share.

Beans

Class One have been learning all about Chinese New Year. Siat came into nursery and told us the story of The Great Race. She showed us some lucky red envelopes and we dressed up in some traditional clothes.

Miss Gemma taught us some Chinese dancing which we showed to the parents at the end of the day.

Oat

Over the last month we have enjoyed reading The Owl and the Pussy-Cat poem by Edward Lear and this week we have re-written our own versions of the poem using rhyming couplets. In Maths we have just finished our addition and subtraction unit in Year 2 and Year 1 have been looking at the Place Value of numbers within 50. This week we have had Design Technology week, and the class have practised making their own linkages to great a moving monster! The children enjoyed designing their own monsters and asking their peers which they preferred before choosing one of their designs to make.

We have also taken our turn as litter pickers – thank you to **FOSS** for organising the purchase of these through a grant.

Wheat

We have had a fun packed time in Class 3. We had a fabulous day today with Miss Gemma learning how to dance for Chinese New Year. The children were all so focused and followed the instructions really well.

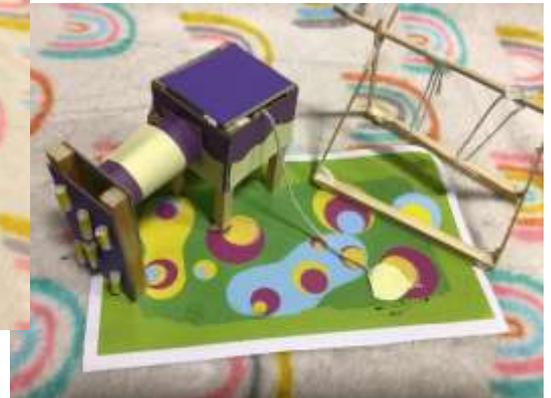

Barley

We too have been on litter duty this week so we have been able to use the new litter pickers and the other equipment. Year 3 went into Forest School this morning and did a fantastic job at making sure it was clean and tidy.

This month we have been writing using the book "The real story of the three little pigs" as inspiration and considering different viewpoints. Miss Phillips also got to show the group a good cake recipe. In DT we have finished our play park prototypes and then considering what changes we would make. We have dealt with decimals and percentages in maths and have finished and performed the dance routine in PE. French has taught us how to describe clothing and, more recently, the weather and finally we have looked at animal and plant classifications in science.

We are also finally getting some football matches planned given the lighter evenings (obviously not the better weather though!) and I am pleased to say that our Y5/6 team won their first match against Bidford Primary school this week. Man of the match was Thomas S who did a fantastic job as the goalie. The final score was 4-3.

It has been nice to finally see the sun a little bit this week. Although, as I write, the rain is once again falling from a darkened sky. Signs of spring are appearing though with daffodils, crocus and primroses all popping up in the school flower bed by the steps. Catkins and bright new leaves are peeking out in our forest school area too. Hopefully we will soon feel spring is all around us!

With best wishes and continued thanks for supporting the school and the children here.

Mrs Silk
